022013	<p>To share and discuss updates from Croudace/BDBC regarding the Amport Way Play Area Cllr Vaux noted an email from an officer at BDBC as follows:</p> <p><i>'I met briefly with Legal on Tuesday but unfortunately they need to go away and look into the legal agreements further so at the moment I am unable to provide you with any update. I appreciate that there is a Parish meeting today/this evening and that some residents are concerned about the issue, but the Legal Officer will not be able to provide me with more advice until Friday at the earliest. I have also spoken to Croudace and they have assured me that until the matter is resolved no further works on the play area will take place. I need to be sure of the legal position further, before I can update you so unfortunately until I have received this advice from the Legal officer I cannot update you further. As soon as I hear something I will be in touch.'</i></p>	
022014	<p>To consider purchase of high vis clothing and tools for use by Dove House volunteers when working around Sherfield Park Following lengthy discussion it was resolved that the Parish Council would support the purchase of the above items once quotes are presented at the next meeting of the Full Council. Proposed by Cllr Bowyer and seconded by Cllr Rouse.</p>	Cllr Bowyer/ Cllr Rouse
022015	<p>To approve and adopt the updated Social Media Policy Following discussion it was resolved that the Parish Council approved and adopted the Social Media Policy. Proposed by Cllr Rouse and seconded by Cllr Vaux.</p>	Clerk

Cllr Laura Edwards – February update

Thames Water STW

Thames Water have confirmed the recent odour is due to storage issues with processed and dried out waste (cake). They are working hard to resolve the issue and are sorry to all residents affected. If you would like to contact Thames Water with an enquiry or to report an odour issue please email them at: customer.feedback@thameswater.co.uk or call them on 0800 316 9800 their lines are always open.

Shopping centre stones

The installation of stones along the edges of the paths at the Chineham was done following a decision made the centre owners Tellon Capital. They issued a statement and an extract is below:

'The decision to install pebbles in the two undercover areas of the centre was taken to combat a professional begging scheme that has targeted Chineham District Centre. Such action has also been requested by numerous shoppers and businesses, who feel intimidated by the presence of these professional beggars they go about their daily business. We have been working with the police on this matter. If you are concerned about someone that may be homeless, we would urge you to contact Streetlink on 0300 500 0914 or visit www.streetlink.org.uk to help them access the support that they need.'

Shopping centre plans

The planning application should hopefully be heard in the next couple of months by the Development Control Committee at the council offices.

Library

A huge thank you to everyone who was able to attend the drop in at Chineham Library last month. There was a great turn out and at one stage there was a one in one out policy. Please, please, please respond to the consultation if you haven't had the chance to do so. Every response makes a difference and the total number of responses are looked at rather than the number of household responses – everyone in your household should have their say. To take part in the consultation online go to: www.hants.gov.uk/library-consultation Or you can fill in a hard copy at the library. The consultation closes on the 18 March. The Friends of Chineham Library have run a fantastic campaign and I would like to personally thank them for their hard work.

Amport Road play area

Basingstoke and Deane Borough Council are reviewing the documents from the 2000 planning application. The leader of the council Cllr Ken Rhatigan has been fully briefed on residents' questions and opinions. Once a full review has taken place, I will submit another update but I have been very clear that residents would like a full consultation on whether the play park should or should not be installed.

Policy and procedure for co-opting a Parish Councillor

Parish Councils are permitted the power to co-opt a person on to council to fill a casual vacancy when the requirements to hold an election have not been met (the vacancy has been the subject of a public notice and less than 10 registered voters have requested an election by the deadline specified by the returning officer).

Although seeking 'expressions of interest' is not a legal requirement, the National Association of Local Councils (NALC) recommends that Councils always give public notice of vacancies because this makes the process of co-option open and transparent and should attract more potential candidates.

The Parish Council will advertise the vacancy to seek and encourage 'expressions of interest' by a specified date from anyone in the parish who is eligible to stand as a parish councillor. The attached form will be used as the basis of ascertaining a candidate's suitability to put his or herself forward for co-option. At the next Full Council meeting:

- Clerk to confirm that each candidate is qualified to become a Councillor and is not disqualified from being a Councillor as set out in the Local Government Act 1972 S79 and S80.
- Chairman to invite candidates an opportunity to speak if they are in attendance and to allow members the chance to ask questions of the candidates.
- Only councillors present at the meeting may nominate, second or vote upon a person to fill the vacancy. A councillor may only nominate or second one candidate.
- The chairman will offer opportunity for debate on the order of priority to offer co-option to the candidates. In most cases, the candidates will be asked to leave the room while this process takes place.
- Voting for the new Councillor will be by a show of hands. The Chairman will initiate a vote in alphabetical order. Councillors have one vote each.
- An absolute majority vote is required for each candidate from all members present and entitled to vote. If there are no more than two candidates for one vacancy and no one of them at the first count receives a majority, the candidate with the least number of votes will be eliminated and the remainder must be put to the vote again until an absolute majority is obtained (LGA 1972 Sch. 12. Para 39). One person will be chosen for each vacancy.
- The successful candidate is then declared co-opted to the Council and summoned to attend the next Council meeting.

The above procedure takes place in open Council.

The Clerk will notify Electoral Services of the new councillor appointment and organise Declaration of Acceptance of Office paperwork. All new councillors, must, within 28 days of appointment, register their interests with BDBC – forms to be supplied by the Clerk.

The attached form will be used as the basis of ascertaining a candidate's suitability to put his or herself forward for co-option.

This co-option Policy was adopted by Full Council at its meeting held on 09/10/19.

Please briefly outline of why you are interested in being a parish councillor.

I have always believed that you get out of life, what you put into it.
I lived in Leicestershire for 17 years in a small village and as there was no football team for our children, we created Waltham Eagles that ran for 10 years.
I am keen that Sherfield Park continues to be a great place to bring up my young son, so I helped establish the Beavers and Cubs.

Please tell us something about the life experience you will bring to the Council, for example, previous local government experience, work in the voluntary or charitable sector, business or trade union experience.

An international career in oil and gas and outsourcing.
I have worked all over the world, 10 years on an oil field in Kazakhstan, where I was Corporate Governance Controller, Government Relations Advisor and Services Director.
I spent 2 years working in Westminster City Council, transforming the business processes.
I have a wide business knowledge, which I will bring to the Council.

Please tell us something about the skills you feel you will bring to the Council, for example, professional qualifications, financial or project management expertise.

I bring multinational, multicultural business operational skills to the Council, and over my career have spent time buying businesses, running them and transferring them.
I was Corporate Governance Controller for 5 years for an international oil producer, ensuring compliance with the various agreements set up to run a \$25 billion dollar venture.

Are there any questions you would like to ask the council?

No thank you

SHERFIELD PARK FIBRE TO THE PROPERTY (FTTP) PROPOSAL

WHAT IS FULL FIBRE OR FTTP

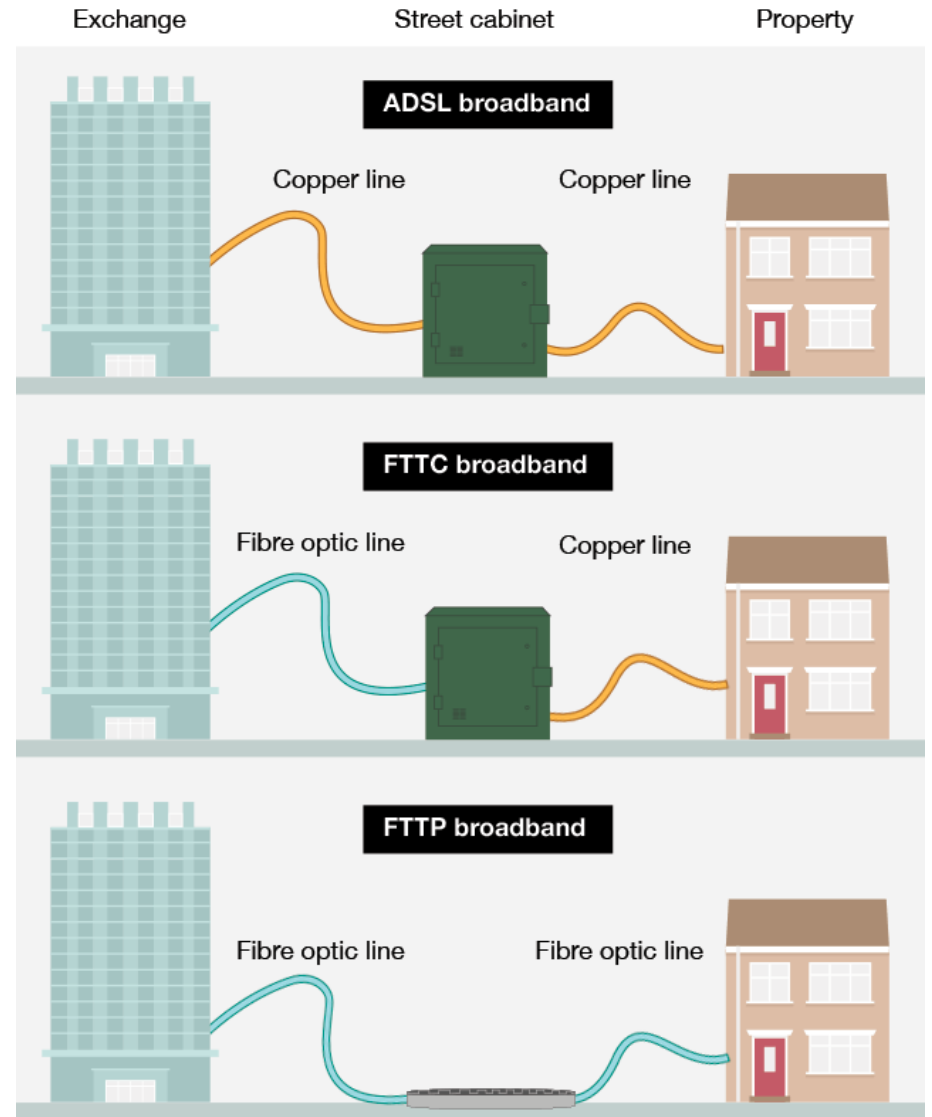

Broadband is a term for high-speed connections carrying internet data and other types of traffic.

There are three main types of broadband connection that link the local telephone exchange to your house:

- ADSL (asymmetric digital subscriber line) uses copper cables to a street-level cabinet or junction box and on to the house.
- FTTC (fibre to the cabinet) uses a faster fibre optic cable to the cabinet, but then copper cable from there to the house.
- FTTP (fibre to the premises) uses a fibre optic cable to connect to households without using any copper cable.

Today Sherfield Park only has ADSL & FTTC available.

Broadband choices

HOW FAST IS EACH SOLUTION

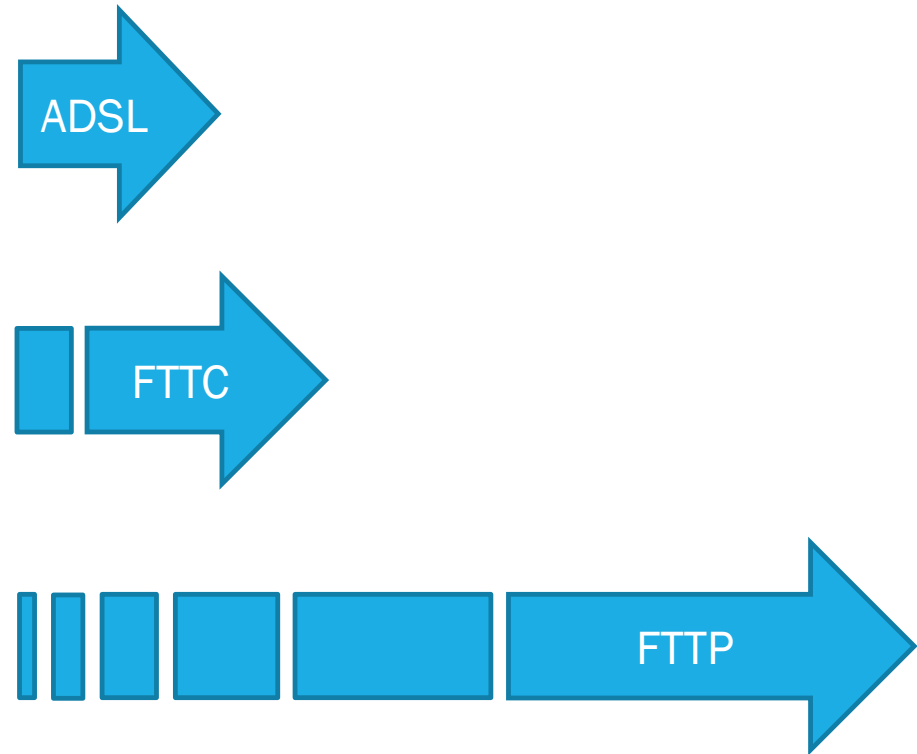

The UK government defines broadband speeds as follows:

Superfast - greater than 30 megabits per second (Mbps).

Ultrafast - greater than 100Mbps.

- ADSL – Download speed of <24Mbps
- FTTC (Superfast) – Download speeds of 40-80Mbps
Upload speeds of 2-20Mbps
- FTTP (Ultrafast) – Download speeds of <330Mbps*
Upload speed of <30Mbps*

*This will soon rise to 1000Mbps
for download & upload speeds.

WHAT ARE THE BENEFITS OF FTTP

- **SPEED** - FTTP is quicker than FTTC and will only get quicker. 330Mbps today. 1000Mbps soon. As technologies evolve, we can expect to see 10000+Mbps in the future.
- **RELIABILITY** - FTTP is not subject to interference, which can affect ADSL and FTTC connections due to the copper cables, thus FTTP connections are generally a lot more reliable.
- **CAPACITY** - Fibre allows download and upload speeds to be the same.
- **VALUE** - FTTP can increase house values as buyers will be looking for properties that have ultrafast broadband connections. As a comparison, Vyne Park has FTTP as standard to every property.
- **COST** - Although the high-end speeds offered by FTTP are more expensive, you can order more standard superfast speeds at the same price paid by FTTC customers. In short you will be paying for the speed you order, regardless of technology.
- **FUTURE PROOF** – With more demand for online services, the need for a quicker broadband connection will only increase. Having a FTTP connection allows us to take advantage of the quicker speeds.

HOW DO WE GET FTTP

OpenReach are deploying FTTP to certain towns and cities across the UK. Basingstoke has been selected as one of those towns. Unfortunately Sherfield Park currently isn't included in that rollout plan or any future plans.

We can however take advantage of the OpenReach Community Fibre Partnership to build a customised full fibre solution for Sherfield Park now.

OpenReach would deploy and manage the FTTP infrastructure. Residents would still be able to choose which broadband provider they decide to get their FTTP service from. OpenReach networks are open to all broadband providers.

FUNDING FTTP

Sherfield Park would need to fund the deployment of FTTP. This could be through residents donating what they feel reasonable to the project, via government grants, or a combination of both depending on the total cost.

The Government's Gigabit Voucher Scheme gives grants to businesses and home owners toward the costs of connecting to full fibre (FTTP) broadband.

The scheme provides vouchers for £2,500 for small and medium-sized businesses (SMEs), and £500 for residents to help with the costs of providing Fibre to the Premises (FTTP) to your address.

We can put these vouchers toward our part of the costs for our Community Fibre Partnership. So if we have a few businesses and residents who are interested, they could all apply for vouchers to put towards the cost.

Depending on the cost, we might be able to fund the entire project via grants. Meaning no cost to residents.

FEEDBACK

Initial feedback from a Facebook poll suggests that ~70% of residents would support this proposal and contribute to the costs if needed.

Great idea!

Count me in

Sign me up
ASAP!

Yes I'm in!!!

Desperately need this as
WFH and get such low speed

It's a no from me. Fibre will be obsolete in a few years with 5G & LEO satcom usage round the corner.

5G will be deployed quicker than getting FTTP. Mobile data costs are falling and with the growth in technology in streaming media service platforms so Netflix, Sky Go... there's no need for FTTP.

Our internet is fine as it is but very interested in the upgrade

NEXT STEPS

1. Verify which households are definitely interested. There is no commitment at this stage.
2. Setup a Community Fibre Partnership (CFP) with OpenReach for Sherfield Park.
3. Fill in details of the addresses, postcodes and landline numbers of households who are interested.
4. OpenReach will provide a ballpark cost to bring FTTP to Sherfield Park. OpenReach will cover some of the costs, so the price in the quote will be what they call 'the gap' i.e. the amount Sherfield Park will need to pay.
5. At this stage, we decide whether we want to go ahead. There's still no obligation to do anything though.

If we decided to proceed, we are only committing to the deployment of FTTP infrastructure to the interested households. Once FTTP is deployed, residents don't have to switch to FTTP. However, they now have the option to switch if or when they want to.
